

Concurrent Credit Policy

Bluestreak University is our NHS college program. Concurrent courses are classes offered online through a college, taken on the college campus or taught by a Neodesha High School instructor. Students enrolled in these courses receive both high school and college credit. Currently, NHS participates in concurrent programs with Independence Community College and Allen Community College, but is willing to find specific courses to a student's IPS. College tuition, fees, and books for concurrent credit classes are the responsibility of the student. The current college fees per credit hour are \$65/ICC NOW and \$124/Allen. ***Certain classes qualify as part of the Kansas career tech education initiative, Excel in CTE; tuition is free for these select courses.*** Please ask the Counseling Office for information on scholarships to help finance concurrent courses.

CONCURRENT REQUIREMENTS

- Junior or Senior standing (Sophomore enrollment requires additional approval)
- 3.0 cumulative GPA
- Administration approval (Discipline record, Attendance record)
- Students may be required to take the Accuplacer or ACT prior to enrolling in specific ICC NOW /Allen CC courses.
- Grade of "C" or higher in all concurrent course work to continue enrollment
- Students must follow **all** college policies, including drop dates, payment plans and paperwork.
